ABOUT ME

I am a dedicated and passionate web developer with **5 years** of hands-on experience in building modern, responsive, and high-performing web applications. **My primary expertise lies in React**, where I have successfully led and contributed to a variety of dynamic, user-friendly, and scalable projects across different domains. I take pride in writing clean, maintainable code and implementing best practices in front-end architecture. In addition to my React skills, **I also have solid experience working with Angular**, which allows me to adapt quickly to diverse technical stacks and team environments. I have a strong eye for design consistency, performance optimization, and delivering intuitive user experiences. Whether collaborating within a team or working independently, I am committed to continuous learning and improvement, and I'm always eager to contribute to innovative and meaningful projects that create real value for users.

WORK EXPERIENCE

Fast-Shift – Yerevan, Armenia

City: Yerevan | Country: Armenia

Web developer

[08/2020 – 11/2020]
